BURN, BABY, BURN-- AND ALL THE LEAVES DID BURN

by Florence Moreno

James N. Reynolds, Jr. was elected V.P. of operations of Wm. E. Wright Co. at the annual meeting of company directors held Thurs. in West Warren, Mass.

A lifelong resident of Agawam, Reynolds is a director of the Wright Co. and of North & Judd Mfg. Co., New Britain, Conn. He was formerly group V.P. of Universal American Corp., pres. of Butterworth Mfg. Co. and V.P.-Mfg. of Van Norman Industries. For 15 years he was a senior staff member and mgt. consultant with Scovell, Wellington & Co., and prior to that was assistant to the pres. of Smith & Wesson, Inc.

A graduate of the U of Mass. and Northeastern U, Reynolds is a member of the Nat'l Mgt. Assoc'n, Nat'l Assoc'n of Accountants and the Springfield Country Club.

Another summer has been and gone, and now all nature will paint herself in fiery splendor in her annual swansong to her season of fertility. And then the cascade of falling leaves, which were meant to blanket the earth against the onslaught of winter and to feed and nourish it for another growing season.

But we won't let that happen, will we? Autumn will see clouds of smoke rising from every corner of the town, as with the blessing of the Fire Dept., leaves will be sacrificed to create more air pollution. Business as usual!

In some other parts of the country, people are using their leaves for good purpose and creating a source of income for their town as well. In Scarsdale, New York, leaves are collected and composted, by the town, and the resulting leaf mold, so rich in minerals and fertility is the finest soil builder to be had. This is then sold in bulk in ten yard truckload lots for topsoil, and plans are being made to bag it in 50 lb. bags for the retail market.

Consider the results — no burning air pollution, Burning leaves and then buying chemical fertilizer is cheating your land; the same as if you burned your food and existed on chemicals (which we do, unfortunately) and imitation foods.

When will we get our smarts?

A Great Step Forward in Ecumenism

LOCAL KofC GUESTS of AGAWAM TRESTLE BOARD

David Skolnick pres. of the Agawam Trestle Board Club has announced the John F. Kennedy Council #5585, K of C, will be the guests of the Trestle Board Club at its regular meeting and dinner on Oct. 16 at 6:30 in the Parish Hall of the Agawam Congregational Church.

This is the 1st time these 2 fraternal organizations are meeting together in Agawam and a large turnout is anticipated.

Rabbi Naphtali J. Rubinger, Congregation B'Nai Jacob, Longmeadow, will address the gathering on the subject: "THE TRUE MEANING OF BROTHERHOOD." Mrs. Toussaint of the Ladies Guild of the church is planning a chicken pie supper with all the trimmings. Members of both organizations are urged to make their res. early with their respective unit heads to insure that sufficient food will be prepared for all who plan to attend.

Stafford Springs Fair Events

The annual Stafford Agricultural Fair running for 4 days, Oct. 2 thru 5, has expanded and broadened its appeal for fair goers.

For the 1st time, the grandstand will be in operation all 4 days with special attractions to be presented.

Thursday eve at 8 it's "The Nashville Sound" with country and western music. Packaged into the extravaganza is "The Country Cut Ups" of Rebel Records with Rick Cash and yodeling Jimmy Dayle, "The Pike Brothers" and "The Pine Hill Ranchers" starring Earlene Pine, Rita Mae and Tim Tierney. "The Nashville Sound" country and western show is the biggest program of this type presented in N.E. this year.

Friday eve at 8 the big sound of "Dick Robinson and his Cavalcade of Bands" make their presence heard, felt and seen. Three bands make for continuous big beat music and something new is added with "The Maze Light Show." A first for N.E., "The Maze" provides psychedelic and strobe lighting in a wild and way out manner.

Saturday for 2 performances, at 2 and 8, it's world championship rodeo time. Top cowboys and cowgirls, under I.R.A. sanction, will be competing for prize money and nat'l points thru a series of top livestock events, the appearance of these bucking broncos, wild bulls and steer is another 1st for the Stafford Fair.

Sunday, starting at 2 p.m., grandstand patrons will see NASCAR sanctioned modified stock cars and late model cars competing in high speed action over the full 1/2 mile banked oval. Drivers and cars running in the various events are among the best in the country. Since this is one of the last NASCAR sanctioned modified stock car events for this season and as most other northern NASCAR tracks are closed, the modified stocks should be present in great numbers. Bugs Stevens, Jerry Cook and Bob Santos are sure to be on hand to lead a battle for the NASCAR modified championship now in its closing weeks. Cook is in the front with present champion, Stevens, not far behind.

The late model Tigers will be present in force to display their own brand of wild and woolly excitement.

An added attraction on Sunday afternoon is a display of sky diving and precision parachute jumping. Action minded sport fans will enjoy an afternoon they will long remember.

To encourage family attend-

ance, children's admission for the racing events has been reduced to 25¢. Adult admission is set at \$3.00.

Starting at 6 p.m. a special free show is scheduled for the closing of the fair. Called a "Salute to the Fair," area marching bands will perform with the finale coming at dark with a fireworks display.

Each and every day during the fair special free demonstrations and performances are scheduled. Included will be the pony pull, the doodlebugs, dog show, a horse show with American quarter horses, a special archery performance scheduled by Hall's Arrow; Norman Rioux, champ horseshoe tossing; "Wholenother Thing" jug band; the MacDonald Family Singers; Toddie and Jodie clowns and much more.

All during the 4 days of the Stafford Fair, there will be special livestock, craft and industrial exhibits with all sorts of goodies and surprises to be seen.

Couple all of the above events with a big midway with many new rides and thrills, a visitor to the fair will be hard pressed to take everything in on one day.

Stafford Fair is located on Conn. Route 140 in Stafford Springs.

Taxpayer

A third of the "goodies" providing relief to taxpayers will go to less than 10% of the nation's taxpayers—those with adjusted gross incomes of more than \$15,000. The \$3.1 billion tax relief package for this small minority of taxpayers is almost 2½ times the \$1.3 billion to be recouped by tax reform from them. Over half of the \$4.5 billion in general rate reductions goes to this exclusive class. The new lower maximum tax on earned incomes gives \$100 million in relief to the less than 1/2 of 1% who have adjusted gross incomes of over \$50,000.

TODAY'S AGRI-FACT If you're wondering just how many shrimp you get to the pound when you order jumbo, medium and small shrimp, there are 15 fewer jumbo shrimp to the pound, ranging all the way down to about 40 small shrimp to the pound. Except in markets near fishing grounds, most shrimp sold over the counter are just tails.

Charest Backs Dahdah

I have analyzed each candidate seeking the nomination for the office of Selectman in the coming Democratic town caucus on Oct. 18, and I have discussed them all with my associates. It is clear in our minds that B. Edward Dahdah is the outstanding person for this position. He has proven his ability in leadership and his experience and record in town gov't are the greatest assets one must have.

Mr. Dahdah says that taxation is a most important function in local gov't. He believes that the town's people should receive a full dollar's value for every dollar spent. I am sure that he will honestly do all he can to reduce our taxes and to stop unnecessary spending. I am confident that he will do what he tells us because he has done this in the past. I concur with him when he says that it is a must for Agawam to elect public officials who are not motivated by desires of personal gain, but officials whose only motivation is the truly fundamental welfare of the residents and businesses in our town.

This year there are 5 candidates seeking the nomination for the office of Selectman, some for the 3rd and 4th time. Why? It seems to me that the people have spoken time and time again when they have continuously rejected these men in the past.

I, therefore, strongly urge that in your best interest and that of the Town of Agawam, you vote for B. Edward Dahdah for selectman on Oct. 18.

PROVIDENCE HOSPITAL FULL TIME COVERAGE IN EMERGENCY ROOM

HOLYOKE — Providence Hospital has begun round-the-clock physician staffing of its emergency room, Sister Mary Magdalena, S.P., administrator, announced today.

"Under the program that began this week, an emergency room doctor is in attendance 24 hours of the day," Sister Mary Magdalena said.

The decision to initiate this extensive emergency room coverage is in recognition of the growing dependence of the public on hospital emergency rooms. "We are also aware of our proximity to the Mass. Turnpike and busy Routes 5 and 91, and of the regional location of the hospital."

Sister said that as a 2nd phase of the round-the-clock coverage of the emergency room by doctors, the hospital is now in the process of renovating the present outpatient dept area into a combined emergency room -- outpatient area.

STORY OF THE RAZOR'S EDGE

While history has established prehistoric inhabitants were bearded, archaeologists discovered Egyptians shaved face and head over 7,000 years ago. As with other cutting implements, these first razors were made of flint.

Discovery of copper one thousand years later resulted in better instruments. Then, around 2400 B.C., bronze was invented and, with it, razors became sharper and longer-lasting. Many other styles gained limited favor before the straight razor eventually became the barber's stock-in-trade.

TO THE COUNTY COMMISSIONERS OF THE COUNTY OF HAMPDEN
 RESPECTFULLY REPRESENT the undersigned, Selectmen of the Town of Agawam in said County, that common convenience and necessity require that the highway leading from the Westfield Line to Feeding Hills Center, intersection of Springfield St. and Southwick St., and known as North Westfield Street, be laid out, relocated, altered, constructed and specifically repaired as may be necessary, the work to begin 500 feet South of North Street at Sta. 160+00 and extend Northerly to Sta. 199+00, or as far as available funds will permit.

WHEREFORE your petitioners pray that your Honorable Board will, after notice, view and hearing, as soon as may be, proceed to lay out, relocate, alter and/or construct said highways or such portions thereof as may be deemed necessary and proper, and determine and specify such specific repairs and order them to be made, and that said County contribute to the expense of such repairs together with an appropriation from the State and Town.

Dated this 4th day of August, 1969
